**1st National Conference on
Hospital Safety & Occupational Health**
January 24 & 25th, 2014 (Friday & Saturday) - Vellore.

SAFETYCON

2014

Christian Medical College Vellore takes great pleasure in inviting you to the 1st National Conference on Hospital Safety and Occupational Health. This conference aims to offer new insights into safety in the healthcare industry.

Hospitals strive hard to ensure quality treatment without harming the patients, bystanders, staff and the environment. Various aspects of hospital safety, occupational health and our responsibilities towards better environment are the objectives of this conference.

Targeted Participants: *Hospital Administrators, Safety Officers, Quality Managers, Physicians, Surgeons, Nurses, Technicians, Paramedical Staff, Biomedical Engineers, Maintenance Engineers, Hospital Architects & Students from the above disciplines.*

Important Dates

Last date for registration : 06-01-2014

Conference dates : 24 & 25th Jan 2014.

CHRISTIAN MEDICAL COLLEGE VELLORE

Christian Medical College Vellore, known as CMC was founded by Dr. Ida S. Scudder in 1900 as a single bedded hospital.

Dr. IDA S. SCUDDER
A Life spent for God and the People (1870-1960)

Christian Medical College, Vellore, seeks to be a witness in the healing ministry of Christ, through excellence in education, service and research.

Despite the heavy patient load and limited space, CMC now, serves more than 6000 out patients and 2500 in patients every day. Ensuring safety of patients, healthcare workers and trainees is a great challenge.

Safety cell in CMC was established in the year 2011 to address these issues in the hospital. Safety cell is supported by 180 trained employees from various departments. They help with implementation of safety protocols and carryout safety assessments. Safety cell in CMC is actively involved in presenting the safety related issues in forums like safety core committee and safety steering committee through which the administration is appraised of these issues. The implementation of the solutions for these issues is supervised by the Safety cell.

MODULES COVERED

- OCCUPATIONAL HEALTH AND SAFETY

Scudder Auditorium

Poster Presentation

- Posters will be displayed for evaluation at the conference venue.
- Prizes will be awarded for the outstanding posters and participation certificates for all entries.

Vellore is located 145 kms from Chennai. It is well connected by rail and road. The nearest airport is in Chennai. Vellore is strategically located between Chennai and Bangaluru in the National Highway connecting the two cities. Vellore has the rich heritage of being the seat of Pallava, Chola, Nayak, Maratha, Arcot Nawabs and Bijapur Sultan Kingdoms. Vellore was once the capital city of the mighty Vijayanagar empire during 1606–1672.

Vellore fort is a 16th century fort located in the heart of the city built by Vijayanagara Kings. The fort has a unique feature of housing a Temple, Church and Mosque. Sipoy mutiny, the first rebellion against British erupted here in 1806. Vellore is also famous for VIT University, Golden temple, Tanneries and the vast Government industrial estate in nearby Ranipet.
