YOU

ARE

INVITED

Dear Colleague,

The Division of Radiation Physics of Regional Cancer Centre has the pleasure of inviting you to the 36<sup>th</sup> Annual Conference of AMPI to be held in Thiruvananthapuram, the capital city of Kerala from 20<sup>th</sup> to 22<sup>nd</sup> November, 2015.

Regional Cancer Centre (RCC) is the premier institute in Kerala catering primarily to the population of South India. It has been recognised as a reference centre for South East Asia by WHO. RCC leads the way in cancer control activities, cancer detection and treatment. Equipped with the latest technology and medical infrastructure in cancer diagnosis and treatment, more than 15,000 patients are treated annually at this centre. This conference will be a forum for disseminating information on various aspects of Medical Physics both in diagnosis as well as treatment. Leading Academicians from India and abroad are expected to attend the deliberations.

Thiruvananthapuram is located in the southwestern tip of India; bound by the Arabian Sea in the West and Tamil Nadu in the East. Named after Anantha Padmanabha or Lord Vishnu, the city is home to many ancient temples. But the landmark is the Sree Padmanabha Swamy Temple around which the city has been built on seven low hills. A long shoreline with internationally renowned beaches, historic monuments and backwater make this district a much sought-after tourist destination. Clean and green, Thiruvananthapuram, is one of the most beautiful cities in the country.

The venue of the conference is in Kovalam, an internationally renowned beach with three adjacent crescent beaches. The beautiful bay of calm waters has been a favourite haunt of tourists from around the world.

We extend a warm welcome to come and enjoy this academic feast in  
“Gods Own City”!
