XX ANNUAL CONFERENCE OF ASSOCIATION OF MEDICAL PHYSICIST OF INDIA (TN & PY CHAPTER) ON “MEDICAL PHYSICS – ENRICHING TOMORROW”

Dear Colleagues,

We are pleased to invite you for the 20th Annual Conference of Association of Medical Physicist of India – Tamilnadu Puducherry Chapter (AMPI TNPY) to be held on Dec 12–13, 2015 at TAG Auditorium, Anna University, in Chennai, 600025.

Modern medicine depends heavily on advanced technology, and there is an increasing role for the medical physicist in academic, industry, government, and health care settings. In this conference, medical physicists from several organizations will provide an overview of emerging opportunities in research, training, and professional development in medical physics.

The upcoming medical physics conference meeting covers the diversity of cutting edge technology, the state of the art equipment in radiotherapy with up-to-date information about radiotherapy in global perspective, recent developments in research and thus this conference brings together leading medical physicists, clinicians, and allied fraternities engaged in medical physics department. This meeting will afford the exceptional opportunity for one-on-one interactions with leaders in the field allowing for lively discussions of the latest research. With this motto we invite all the medical physicists and allied fraternities to join hands to make this event success.

Topics of the Meeting: Oral and poster presentation should be related to the physics aspects of:

- Radiation therapy and medical physics
- Radiation protection
- Radiological imaging
- Nuclear medicine
